

her own bed and declare that she must lie in it.

The aid given by the United States is particularly emphasized in expressions of gratitude.

Regarding Secretary Solf's appeal to President Wilson to aid "starving Germany," it is pointed out that the armistice provides the Allies shall feed Germany.

"Bleeding and impoverished and brought to the very verge of ruin, the Allies at last victorious with the United States behind them," said the Chronicle, "The liberties of the world are saved."

LONDON, Nov. 13.—The whole question of the former kaiser's possible extradition will probably be discussed.

INDUSTRY BEING RETURNED TO A PEACE BASIS

Auto Making Increases, and
Building Increases; War
Restrictions Are Lifted

WASHINGTON, Nov. 13.—The transition from wartime to peace in industries is being made gradually right now. The war industries board has made changes in priorities listings and has ameliorated restrictions, so that many lines can begin to resume peace output at once.

The automobile industry is now running on a 50 per cent basis, as regards passenger cars and can make a 25 per cent increase this month. A number of other industries are permitted to cut in half the restrictions now applying. Building projects can increase at once. Restrictions are lifted entirely on lumber, cement, brick and tile production, transportations can go ahead with improvements, cities can make increased improvements.

Curtailments are decreased with respect to farm machinery, stoves, electrical household equipment, sewing machines, talking machines, corsets, beds, boilers and radiators.

Houses, costing less than \$10,000, can be erected without reference to the non-war construction branch. Materials will be expedited for various businesses, particularly shipbuilding.

QUESTIONNAIRES MUST BE RETURNED

WASHINGTON, Nov. 13.—A new ruling by the provost marshal general today sent to local draft boards throughout the country, provided that all draftees who have received their questionnaires shall return them to the local board though they need not be filled out.

The order yesterday was that all questionnaires in the hands of men who had passed their 36th birthday on Sept. 12 last, should be filled out and returned and all others ignored. To clear up any confusion, General Crowder today ordered that all questionnaires should be returned to the board unsigned.

REVOLUTION NOW EFFECTIVE IN ALL GERMANY

Crown Prince Officially Reported With Troops; Other Reports Say Body Found

COPENHAGEN, Nov. 13.—The Wolff bureau, official German news agency, announced today that the former crown prince is with his troops at the front.

PARIS, Nov. 13. (1:30 p. m.)—The former crown prince arrived in Maastricht at 4 o'clock yesterday afternoon, according to a dispatch from Rotterdam today.

BERNE, Nov. 13.—The body of Frederick William, former German crown prince, has been found, covered with bayonet and bullet wounds, on a military train bound for the Dutch frontier, it was reported here today.

THE HAGUE, Nov. 13.—Reports persisted today that the former crown prince was shot dead in Belgium when he tried to cross the frontier. His brother, Prince Adalbert, who was with him, is said to have escaped.

LONDON, Nov. 13.—The new German government emphasizes in wireless dispatches sent out from Berlin that the revolution is now effective practically everywhere in the country and that disorder has been reduced to a minimum.

Despite this assurance, a Copenhagen report insisted that Monday—when the new government declared that all was quiet in Berlin—officers and cadets still loyal to the former kaiser were resisting the "red guards" in the capital, from the royal library and other public buildings.

A Hamburg dispatch received by way of Amsterdam said that German main headquarters had notified the local headquarters as follows:

"A workmen's and soldiers' council has been formed at the front without disturbance. It entered into communication with Field Marshal von Hindenburg Tuesday."

The Hague relayed the following Berlin dispatch:

"The revolution has been completed with little bloodshed. Chancellor Ebert's cabinet comprises Scheide-mann, Lansberg, Haase, Dittman and Barth."

A wireless dispatch from Berlin states that Dr. Solf had requested officials abroad to sign communications as "The German legation," instead of "Imperial," as hitherto.

The workmen and soldiers still have complete control of the North Sea and Heligoland, according to Amsterdam reports.

LATE WIRE NEWS

PARIS, Nov. 12. (Delayed.)—The demonstrations in celebration of the armistice were continuing in full swing here late tonight.

SAN FRANCISCO, Nov. 13.—County division of the State Council of Defense were urged to maintain their organizations for the return to a peace basis in a telegram from Charles C. Moore, director of the state council today.

LONDON, Nov. 13. (1:55 p. m.)—Neutral travelers arriving here today reported that the German garrison at Brussels has mutinied and that some officers have been killed.

BASEL, Switzerland, Nov. 13.—Emperor Karl and his family have left their palace on the outskirts of Vienna, according to newspaper dispatches. Presumably their destination is Switzerland.

GERMANS CELEBRATING ARMISTICE WITH HUGE BONFIRES, CHEERING

BY WEBB MILLER

(United Press Staff Correspondent)
WITH THE AMERICAN ARMIES IN FRANCE, Nov. 12. (Night.)—Huge fires were visible tonight in the direction of Conflans, behind the German lines. At some places, the Germans remained facing the Americans waving their hands toward our lines and strolling in the open fields without guns.

The Second army reports "heavy shouting and cheering from the enemy lines all night and they sent up flares and rockets."

The approximate enemy line, as given to American officers shows our troops advanced considerably during the last hours before the armistice.

The huge fires behind the German lines are accepted as being bonfires in celebration of the armistice rather than the destruction of materials.

SOLDIERS TEAR DOWN RED FLAGS IN PARADE

NEW YORK, Nov. 13.—Several socialists were injured when soldiers and sailors, reinforced by civilians, protested against their parading with the red flag.

The Mooney Defense league was marching to Carnegie hall, where they had a meeting in behalf of Tom Mooney, the California labor leader, now under sentence of death for alleged participation in the San Francisco Preparedness Day parade bomb plot.

J. Edward Morgan of San Francisco, who has made several tours of the country in the interest of Mooney, was knocked senseless in the riot, which resulted when the boys in khaki and blue stripped the banners from the marchers and tore down the red flags.

SOLDIERS WILL BE RETURNED TO WORK THROUGH LOCAL BOARDS

Tentative Plans Have Been
Worked Out By Provost
Marshal General

WASHINGTON, Nov. 13.—Returning demobilized soldiers into industries through local draft boards was being worked out by Provost Marshal General Crowder today.

Under Crowder's plan which is tentative and still without the formal approval of the war department, soldiers will be discharged only as fast as their local boards can find jobs for them to step into.

Each local board will act as a soldiers' employment agency until demobilization of the whole national army has been completed.

The system would return the soldiers to civil life by exactly the same course as they were taken into the army. Rough details as worked out by General Crowder's office are:

Each board has a record of the jobs the soldiers left when they joined the army, so the first step would be to ask the former employer if he wishes to re-employ the men.

All employers would be asked to list their labor needs with the local board and the kind of work the soldiers can do will be ascertained.

If a local board informs the commander of a demobilization camp that it could place fifty machinists, that number of men coming under the jurisdiction of the board making the request could be discharged from the army directly into civil jobs.

Congressmen who were acquainted with Crowder's plan today endorsed it, declaring it was the only possible way so far suggested for demobilizing an army of millions of men without derangement of the labor market.

MUST WAIT TILL NEXT YEAR FOR TRIP TO EUROPE

NEW YORK, Nov. 13.—Ocean passenger traffic to Europe will be resumed by early summer, New York steamship agents declared here today.

The need of the European population for food, raw materials for industry and reconstruction will absorb all tonnage for some time, it was stated. There is no immediate prospect of the government control of shipping being removed.

Although some tourist traffic may be under way in several months, an official of a large American line stated that there was no chance of it assuming pre-war proportions. He said it was not merely a question of providing steamship accommodations at this end, but return journeys would have to be considered, as all accommodations from the other side would be needed for troops.

Plans of the steamship men at the present time are very uncertain. They have no assurance that their liners and other vessels will be restored by the government in the near future.

Steamship officers have been swamped for several days with telegrams and inquiries regarding the resumption of ocean travel. Tourists agents are anxious to start taking bookings for sight-seers abroad. Business men and relatives of American soldiers also are clamoring for passage.

SPECULATION IN COTTON FORBIDDEN

WASHINGTON, Nov. 13.—Chairman Charles J. Brand of the cotton distribution committee of the war industries board, has telegraphed New Orleans and New York cotton exchanges prohibiting speculative short selling in cotton futures.

Brand said this action was taken because speculative interests were taking advantage of the war situation. The market dropped two hundred points in one day and inasmuch as cotton growers are in the midst of marketing, it is vital to have prices stabilized.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion

Doubtless if you are a sufferer from indigestion, you have already tried peppermint, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisphosphate of magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisphosphate of magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisphosphate of magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advertisement.

FOOD DESTROYERS BEGGING TO BE FED

LONDON, Nov. 13.—(British admiralty wireless)—The Times described Dr. Sol's appeal to President Wilson regarding conditions of the armistice as affecting food of the German people, as a “contemptible attempt at mischief-making.”

“Sol has but to look at the armistice in order to see that the Allies and the United States contemplate the revictualizing of Germany during the armistice as shall be found necessary,” says the Times. “That is both right and wise. It is our plain interest to do what in us lies to preserve a stabilized government in Germany, if only in order to have some responsible person with whom to deal. President Wilson in his address to congress on Nov. 11 also stated that ‘steps have been taken to organize relief to the peoples of the central powers. By use of their idle tonnage it is possible to lift the fear of utter misery from their oppressed peoples.’”

The Daily Chronicle says: “Germany, who never showed mercy, has now to implore it. The Allies will no doubt in these circumstances take such steps as humanity dictates so far as they can do consistently with feeding their own populations.”

“But that is no trivial provision and the food cargoes that Germany has criminally sent to the bottom of the sea cannot be fished up, even to feed the Germans.”

BASEBALL HOPING TO COME BACK SOON

PEORIA, Ill., Nov. 13.—Minor league baseball men today congratulated President Wilson on making “the Universal safe for democracy.” The message was signed by magnates attending the National Association of Professional Baseball Leagues meeting here.

It was predicted today the owners and managers would indict an appeal to the President asking his endorsement of the resurrection of baseball. A request that baseball players be released as quickly as possible may be embodied in the message.

President Michael Sexton of the association found himself practically alone in advising conservatism. Others were confident the miners would start, regardless of major league action. The Western League and the American Association already have planned their seasons, according to representatives here.

Dan O'Neill, Hartford, Conn., Eastern League, has asked that the next convention be held at Springfield, Mass.

T. J. Hickey, American association, is chairman of the constitutional resolution committee; George Belden, Minneapolis, of the resolutions committee.

E. J. Hanlon, Sioux City, is a member of the resolutions committee.

FLU IS SPREADING AT ORANGE IS THE REPORT TODAY

With twenty-five cases of influenza reported in Orange since Saturday morning, five of which were reported this morning, the epidemic seems to be breaking out anew in that community. One death occurred there in the past twenty-four hours, a boy having passed away.

Mrs. Charles Coones, who was an Orange girl, Miss Pearl Carpenter, died in Los Angeles yesterday, and her husband, well known in Santa Ana, where his mother resides, is in a hospital, and little hope is entertained for his recovery.

In Santa Ana the situation is growing much better each day. Deputy Health Officer Chandler has quarantined seven houses with eleven cases since yesterday noon and has raised the quarantine on eleven houses and twenty-two cases. This leaves about 103 cases in this city. There were no deaths within the city. A Japanese woman died last night on Sullivan street just outside of the city limits.

Two new cases were brought into the county hospital this morning, one coming from Fullerton and one from Anaheim.

Thirty-eight cases were reported to the county health officer this morning for the previous twenty-four hours. Tustin has eight of the number, which is the largest number yet reported from that district. Cases reported from other sections are as follows:

Capistrano, 14; Garden Grove, 6; Elhi, 4; San Joaquin ranch, 4, and one each from El Modena and Greenville.

AFTER THE FIGHTING

Let us not make the mistake of
imagining that the war is over and
the fruits of victory are ready for the
plucking the moment peace is de-
clared. As Herbert Hoover said, in a
recent statement:

"Our objects in the overthrow of all
autocracies in Europe and the estab-
lishment of government by the people
is but part of our great burden. For
beyond this, when these immediate ob-
jects are attained, we still have be-
fore us the greatest problem that our
government has ever faced, if we are
to prevent Europe's immolation in a
conflagration of anarchy such as Rus-
sia is plunged in today.

"We must nurse Europe back to in-
dustry and self-support, and we must
ourselves avoid entanglement in the
process."

It is indeed a huge task, and one
which we cannot avoid if we wish to
press our unselfish program to its log-
ical conclusion, making the victory
sure and lasting, and insuring the
peace and prosperity of mankind here-
after.

The menace of widespread anarchy
is only too evident. There is grave
danger that Austria-Hungary, in the
intoxication of new freedom and the
difficulties of political reconstruction,
may go the way of Russia. The Bol-
sheviki movement is growing rapidly
in Austria. There is danger that the
everlasting Balkan troubles may flame
out again. There is danger that Ger-
many may revert to internal strife
subversive of present order and per-
tentous for the future. There are por-
tending problems of race and territory
in Turkey. There are dangerous un-
dercurrents of discontent in the ranks
of labor in allied and neutral coun-
tries.

Order, which is Heaven's first law,
is the first duty of peace. Order must
be restored everywhere. That is a
task second in magnitude only to the
task which the forces of civilization
are just now finishing. Having crushed
the greatest military menace in his-
tory, we must now crush the menace
of political and social confusion.

We must begin by helping to police
and control every country that needs
it, until the nations concerned can
get on their feet and manage their
own affairs. We cannot shrink that
duty even if we would like to, be-
cause our own safety and happiness
are involved.

REPLANTING FRANCE

A newspaper reader suggests that
one form of Germany's reparation to
France and Belgium might well be the
transplanting of orchards, gardens,
vineyards and even forests from Ger-
man soil to the devastated territories
across the border.

This reader urges that the outright
destruction of all that grows upon the
land in Germany would indeed punish
the Huns, but would not help ravaged
France and Belgium. In peace times
wonder have been accomplished in
transplanting nearly grown vines and
trees considerable distances. It has
been expensive work. But park com-
missions in our big cities, millionaires
with large estates and custodians of
botanical gardens have been able to
do it. Why not impress the German
people into this work and have them
re-plant the regions they laid waste
with the products of their own fields
and farms and forests?

Even this would not actually undo
the damage they have wrought. It
would be only a partial restoration,
and the idea may be more fanciful
than practical.

LIBERTY LOAN RESULTS

While an army of clerks in still busy
tabulating the figures of the Fourth
Liberty Loan, the rest of the nation
may profitably spend a few moments
in consideration of the non-financial
results of this greatest of all popular
loans.

It is stated that nearly 25,000,000
subscribers participated in this loan.
Before the war, according to the es-
timates of financiers, no more than
1,000,000 people were trained or pre-
pared financially to purchase bonds or
any other securities. That number
appears to have been multiplied twen-
ty-five times. Amazing as it sounds,
almost one out of every four human
beings in the United States purchased
one or more bonds. Apparently the
nation has made great progress in
thrif.

The national unity that has come
with this wide distribution of bond-
holders is perhaps of greater impor-

tance to the country than the six bil-
lions of dollars raised. The money
could have been raised by taxation.
But in that case there would have
been literally hundreds of thousands
of men and women who would have
contributed nothing through present
forms of direct taxation. There would
also have been great numbers who
would not have realized that they
were contributing anything to Amer-
ica's victories if they had only paid
revenue taxes on consumption.

It is safe to say that most of the
25,000,000 bondholders realize that
they have had a share in the victories
our armies have achieved, and that
they now have a direct stake in the
United States government. These
bondholders will be better citizens for
their loyal and wholehearted partici-
pation in the Liberty Loans.

Webster defines "armistice" as "a
brief cessation of arms, by conven-
tion." Noah's sadly out of date.
There isn't going to be anything brief
or conventional about this cessation
of arms.

"Many are the afflictions of the
righteous," but they're nothing com-
pared with the afflictions of the
wicked. Look at Germany!

cussed at the peace conference which is likely to be held in Versailles before the end of the year.

A United Press dispatch from Amsterdam today said that Wilhelm arrived Monday afternoon in Maarsen on a special train, to take up his residence at Count von Bentinck's castle.

The conditions on which the Dutch Government will permit him to stay in Holland cannot be published out of courtesy, the dispatch said, but they are equal to simple military internment. The former kaiser is not on parole, but is under moral obligation to remain in Holland and not to do anything contrary to public order or that will be likely to embarrass Holland with her neighbors or other powers.

Wilhelm, who the United Press correspondent saw alighting from a special train at Maarsen and entering an automobile, was very pale and appeared to be nervous and tired. He was dressed in civilian clothes as a result of a request from the military authorities. He was accompanied by his favorite dachshund.

Reports continue to arrive of the progress of the revolution in Germany and the political metamorphosis of Austria-Hungary.

A Copenhagen dispatch from Vienna said a republic had been proclaimed in German-Austria, to be a part of the republic of Germany.

Revolt of the German garrison in Antwerp was reported from Amsterdam.

The strained relations between Germany and Russia appear to be on the way to adjustment.

A Copenhagen dispatch said that Russian Ambassador Joffe and the whole legation had returned to Berlin.

NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF BOND ISSUED FOR THE IMPROVEMENT OF WEST 5TH ST.

Default having been made in the payment of the first installment of the interest of that certain street improvement bond, hereinafter described, and which became due on the 2nd day of July, 1915, and likewise the six semi-annual installments of interest upon said bond subsequent thereto are now due and unpaid, and furthermore, the first installment of the principal of said bond, due and payable on the 2nd day of January, 1916, and the two subsequent annual installments of principal upon said bond on January 2nd, 1917, and January 2nd, 1918, respectively having become due and are unpaid, and wherefore under the provisions of said bond the principal or in any payment upon the principal or in any payment of interest from the owner of said lot or parcel of land, or anyone in his behalf, the holder of said bond is entitled to declare the whole unpaid amount, due and payable, and to have said lot or parcel of land advertised and sold forthwith as provided by law.

And the holder of said bond, having on the 8th day of October, 1918, duly notified the City Treasurer of the said City of Santa Ana, California, that under the provisions of said bond as above recited it had elected to declare, and did then and there declare, the whole of said bond including principal and interest defaulted, due and unpaid; and subsequently thereto the said bond did further demand the same date duly demand in writing that the City Treasurer of the City of Santa Ana, California, proceed to advertise and sell the lot or parcel of land mentioned in said bond and hereinafter described.

Now therefore notice is hereby given that the City Treasurer of the said City of Santa Ana, California, under and by virtue of the authority vested in me by law will on the 30th day of November, 1918, at the hour of 10 o'clock A. M. of said day sell at public auction the real property hereinafter described and mentioned in said bond at the office of the City Treasurer in the Farmers and Merchants National Bank in said City of Santa Ana, California, and unless the amount due on said bond and the interest due thereon together with the cost of publication of this notice are paid according to law; And that I will so sell the same to the person who will pay the amount of unpaid principal and interest due on said bond, and accruing interest, together with the cost of publication of this notice; That the said sale will be made in accordance with and under the provisions of an Act of the Legislature of the State of California, entitled: "An Act to provide a system of Street Improvement Bonds to represent certain Assessments for the Cost of Street Work and Improvement within Municipalities and also for the Payment of such Bonds," Approved February 27th, 1893, and amendments thereto.

That the said bond referred to in this notice is described as follows: Street Improvement Bond No. 6, Series No. 1, Assessment No. 17, in the City of Santa Ana, County of Orange, State of California, for the sum of One Hundred and Twenty-eight and 35-100 Dollars (\$128.35), bearing interest at the rate of seven per cent per annum, issued for the improvement of West 5th Street (and intersections) in the City of Santa Ana, California, from the East side of Garnsey Street to the West line of Baker Street. Said bond is dated the 7th day of January, 1915, and is issued to represent the assessment upon the hereinafter described property mentioned in said bond for the Street Improvement above mentioned.

That the property mentioned in said bond and to represent the assessment against which for said Street Improvement said bond was issued is that certain parcel of land situated in the City of Santa Ana, County of Orange, State of California, more particularly described as follows, to-wit: Lot One (1), Block "A", "Shelton and Duell's Addition to Santa Ana", as shown on a map recorded in Book 18, Page 15, of Miscellaneous Records of Los Angeles County, California.

That the amount due on said bond is as follows: Due on principal thereof One Hundred and Twenty-eight and 35-100 Dollars (\$128.35). Due on account of interest accrued on said bond, Twenty-seven and 32-100 Dollars (\$27.32). Total amount due on said bond: One Hundred and Fifty-five and 67-100 Dollars (\$155.67).

That the name of the owner of said property mentioned in said bond is unknown. This notice shall be published for two weeks in the Santa Ana Daily Evening Register, a newspaper of general circulation published in said City of Santa Ana, California, which said newspaper is hereby designated by me as a newspaper in which this notice shall be published.

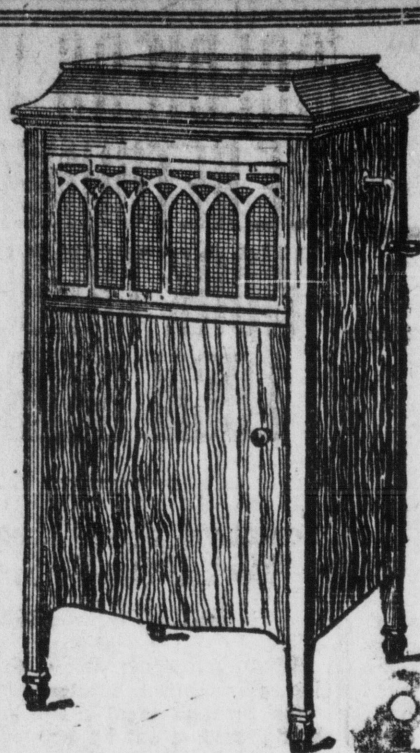

Dated at Santa Ana, California, this 12th day of November, 1918. OLIVE LOPEZ, City Treasurer of the City of Santa Ana, California.

TURKEY DINNER

Mr. and Mrs. Clarence Skiles
Honor Guests of Groom's
Parents

Mr. and Mrs. L. B. Skiles entertained at their home on Orange avenue Saturday evening in honor of Mr. and Mrs. Clarence Skiles, who were married in Riverside last Wednesday.

A sumptuous turkey dinner was served, the decorations being red, white and blue. The favors were pieces of wedding cake tied with red, white and blue ribbon with little baskets in the same colors. The place cards were simple, with a tiny service flag in one corner.

The evening was passed with music and pleasantries and was to have been a farewell occasion, as the groom expected to leave for Kelly Field Monday afternoon.

Those present besides the host and hostess were: Mr. and Mrs. Clarence Skiles, Mr. and Mrs. Walter Miller and sons, Burles and Walter, of Long Beach, Mr. and Mrs. W. R. Skiles, Mr. and Mrs. Harry Skiles and family, and Maude Skiles.

PLEASANT SURPRISE

Allen Maynard, Planning to
Leave Today, Visited By
Company of Friends

Allen Maynard, who had enlisted in the heavy artillery battalion, recently recruited here and expected to leave today, was given what was intended to be a farewell surprise by a company of his young friends at his home on East Chestnut street last night. However, Allen does not have to go and the gathering was turned into a joyous merry-making that the war is over and the boys can remain at home.

The home was gaily decorated with flags and crepe paper and the time was happily passed with merry games and listening to music of the phonograph. Late in the evening refreshments of ice cream and wafers were served.

Those enjoying the event were: Mr. and Mrs. P. C. Bates, Mrs. H. C. Kellogg, Mr. and Mrs. Winton and family, Mrs. Maynard, Gertrude Maynard, Marion Doyle, Mark Todd, Mrs.

A PRAYER.

Though joy
Without alloy
For liberty, spreads wide today,
We bow, and reverent tribute pay,
To each brave soul who paved
The way.

A Boy,
A Mother's joy,
Perhaps, this side the wonder
gate
Beyond which stretches Man's estate,
Where Youth abides, and storms
await.

And yet,
Without regret,
He sailed across the menaced sea,
And gave his life for liberty;
His love of life, for you and me.

Above,
Oh, God of Love,
For his own dear ones may we
pray;
And ask that Thou wilt smooth
the way
And soothe their grieving day by
day.

And stay,
We, too, would say,
Though anguish cause their
hearts to bleed;
Let love unconsciously now feed
Upon his great heroic deed.

And more,
This we implore,
With blessings, cruel sorrow
drown;
And wing this message swiftly
down
"Who bears the cross, shall wear
the crown."
Mrs. J. E. Tillotson.

PERSONALS

Mrs. L. J. Carden and Miss Helen Carden are spending a few weeks at Beverly Hills, where Mr. Carden joins them over the week-ends.

C. E. Utt of Tustin leaves tomorrow for a trip to Sinaloa, Mexico. His headquarters during his stay will be at Mochorito. Utt is interested in a large farming enterprise there.

Mrs. J. P. Browne is spending a few days in Los Angeles.

W. G. Potter was a morning passenger over the P. E.

Charles Bressler made a trip to Los Angeles today.

Jack Miller of 805 East Third street is quite low with influenza. Three other members of the family are also ill with influenza.

Mrs. John Wehrly has received word that the ship on which the doctor sailed has arrived safely overseas.

C. H. Kaufman of the Bureau of Crop Estimates, and O. A. Pratt of the Federal Horticultural Board recently completed a visit of the cotton lands in Mexico below the border at Calexico. They estimated 105,000 acres in cotton, some of it being badly cut up by highwater grass, with a yield of close to 60,000 bales. Acreage on the American side is estimated at 65,000. Messrs. Pratt and Kaufman estimate a 20 per cent loss of the crop due to plant bugs, as 10 per cent of the squares are affected and 30 per cent of the locks.

For the past 40 years this country has had more rapid development industrially than any other nation. Private capital with American initiative and enterprise behind it built more railroads, telephone and telegraph lines, developed more mines, advanced farther in the development and use of electricity, invented more labor and life-saving machinery and paid its workmen higher wages than any other country in the world.

Overcoat Elegance

The quality and value attainments were not left to the developments of an uncertain market. We planned intensively to secure greater overcoat attractions for you. We contracted the fabrics when they were significantly lower in price than they have been for a year or more.

We've had them recently tailored up to the very highest service and style standards and we've priced them so the advantages we earned are diverted to you, expressing value you will encounter nowhere else.

The Gamebrook (like illustration), the Esquadrille, the Tylocken, the Carlton and the Varsity are "style hits" of the season, presenting belted and skirt seam backs, convertible and plain collars, patch and slash pockets, in single or double breasted models.

AUTO ROLLS OVER ON
HIM, INJURY SERIOUS

Yesterday morning about 1 o'clock Emory Salter of El Toro was injured when his machine rolled over beside the state highway near William Jeffrey's place this side of Irvine. Salter was sleeping, and he thinks he must have almost dropped to sleep. On arousing, he swerved slightly to avoid striking the edge of a culvert, and the machine went off into plowed ground on the opposite side. A passer-by took him in a dazed condition to the Santa Ana hospital, where it was found that his injuries were serious, though his condition is not critical. Ribs were broken.

OCT. 13 THOUGHT THAT
WAR HAD COME TO END

Judging by a letter received by C. T. Johnson from William H. Titchener, chief mechanic of Battery D, 144th Field Artillery, the Grizzlies, soldiers in parts of France thought the war was practically over on Oct. 13. On that date Titchener wrote: "There was a lot of celebrating today when news came that Germany had accepted the Allies' terms." In the same letter he said he had seen lots of hunters in France, but had never seen any of them with any game.

"I guess the only game there is to hunt in this country is the Boche. We have our hunting license for him, but we have not had the opportunity to use it yet, and I guess now it will be closed season for a while, unless they should start something."

Titchener wrote that Stanley Reinhaus is now a sergeant in headquarters company. Howard Timmons, Gene Stanley, Elmer Prince and Roy Edmunds are corporals in Battery D. The letter was written from Clermont-Ferrand, where Napoleon once had his headquarters.

GERMANS ASSURED
ARMISTICE WAS SIGNED
THURSDAY AFTERNOON

PARIS, Nov. 13.—The newspaper Le Matin, describing arrival of the German plenipotentiaries, explains that the night they were presented to the French lines (Thursday) Major Bourbonbussel said to General Winterfeld, on behalf of General Debery: "The misunderstanding must be immediately cleared up. The army received this afternoon three German parliamentary officers, who assured us that the armistice was signed. Now, operations are continuing."

General Winterfeld replied: "Undoubtedly, but I see in that only an error of interpretation."

GOV. WHITMAN WANTS
BALLOTS EXAMINED

NEW YORK, Nov. 13.—Governor Whitman and the Republican committee have been granted an order in the Supreme court directed to Democratic Candidate Alfred E. Smith, to show cause why there should not be an examination of the ballots cast within the First Judicial district, which includes the boroughs of Manhattan and the Bronx. The order was made returnable Friday morning.

D. O. Lively, director of the agricultural division for this district, announces that thousands of ranchers are dedicating the products of their fields to the purchase of Liberty bonds. Mr. Lively states: "This idea has met with favor throughout the country and I find the ranchers are getting ready for the Fourth Loan, and no matter how big the sum asked by the Government, the rancher will be ready to do his share."

AUTO ROLLS OVER ON
HIM, INJURY SERIOUS

Yesterday morning about 1 o'clock Emory Salter of El Toro was injured when his machine rolled over beside the state highway near William Jeffrey's place this side of Irvine. Salter was sleeping, and he thinks he must have almost dropped to sleep. On arousing, he swerved slightly to avoid striking the edge of a culvert, and the machine went off into plowed ground on the opposite side. A passer-by took him in a dazed condition to the Santa Ana hospital, where it was found that his injuries were serious, though his condition is not critical. Ribs were broken.

NEWS IN BRIEF FORM

Company 78, California Reserve, met Monday evening and elected officers. First Lieutenant George Treher was advanced to captain, succeeding Dr. E. W. Hauck, now at officers' training school at Camp Taylor, Ky.; Second Lieutenant Fred C. Hezmalhalch was made first lieutenant, and Top Sergeant W. H. Skillman was elected second lieutenant.

The oranges are beginning to turn from green to gold in the Riverside vicinity and it is probable that a normal amount of fruit will be shipped out for the holiday trade, says the Riverside Press. The color creating days will have much to do with the speedy development of fruit for marketing, the present warm days and cool nights doing the work. The eight to one test is another factor in determining early shipments.

Mr. and Mrs. Dewitt Mix, of Santa Ana, welcomed the arrival of a baby daughter Monday. The baby was born at the home of Mrs. Mix's parents, Mr. and Mrs. John F. Richards, of East Chapman avenue. Mrs. Mix was formerly Miss Frances Richards.—Orange News.

Joseph P. Zimmer, of Fullerton, who was wounded and has been in a hospital in France since early in October, was operated upon and at last reports was on the mend, much to the delight of his relatives and many friends in Fullerton and Placentia.

Mrs. George Meyer of the Palm Cafe, Anaheim, Tuesday morning received a wire that her brother, Leo Cheick of Los Angeles, had been severely wounded on the Metz battlefield. He was struck by a piece of shrapnel in the head. He was a member of the 91st Division Machine Gun Company No. 364, and was a color sergeant.

R. W. Morris, who recently purchased a ranch near Santa Ana, is moving from 139 North Harwood street to his new home.—Orange News.

Charles Maag of Fairhaven avenue is in the Seaside hospital at Long Beach suffering from slight injuries received in an automobile accident on the Seal Beach road Monday evening. The accident happened about 3 miles west of Westminster. The car was occupied by four or five young people and Maag was the only one injured. The driver lost his way in the fog and turned off on the wrong road. After turning around and starting back the machine was about to run into a road roller when some one in the front of the car grabbed the wheel out of the hand of the driver, with the result that the machine turned over.

While walking north on the boulevard in Buena Park Sunday night, Ed Thurman, son of Mr. and Mrs. E. E. Thurman of Buena Park, was run down and injured by an automobile driven by Mr. Carpenter of Fullerton. He and his wife were driving north and on meeting a machine coming from the other direction, swerved to the right and struck young Thurman before seeing him. The injured lad was taken to the Fullerton hospital.

John Cubbon, who is chairman of the Non-War Construction committee for Orange county, today received a telegram from San Francisco advising him that new regulations covering operations would be mailed to him at once. Cubbon advises that people should not consider the ban as entirely raised and that they should not get the impression that they can go ahead with work without first obtaining a permit from the committee as in the past. This feature will continue until orders are received to the contrary.

All members of the Seventeenth Company, National Guard, will meet at the Armory Monday evening, November 18, by order of Captain Koepfel.

A slight earthquake shock was felt throughout Southern California yesterday afternoon a little after 1 o'clock. It was felt in Santa Ana. No damage resulted.

One hundred and two bedside tables for use in Red Cross hospitals are being turned out under the direction of Leroy Warren, manual training teacher at the high school. Up to this time Warren and a few loyal helpers have fifty tables ready for assembling, but need more workers to complete the quota on schedule time. Warren asks that members of his classes who can spare the time call at the wood shop this week and help with the table-making.

D. J. Dodge today left a box of fine pearmain apples grown at his place at Newport Heights at the Chamber of Commerce just as a sample of what can be done in the way of growing apples in that community.

Frank Stewart has been appointed motorcar for the city of Santa Ana to fill the vacancy created by the resignation of Chas. Keeley.

Light showers visited this vicinity today, the precipitation up to noon not being over five hundredths of an inch. Thus today the fall this season is heavier than it was at the same date last season. The first rains last season were Nov. 6 and 7, when a total of .38 of an inch fell in the forty-eight hours. There was no more rain until January 13, when .94 of an inch fell. The first rain of this season was Aug. 10. The precipitation for the season up to this morning was .90 of an inch. This makes the third rain in this month, slight falls being registered on Nov. 4 and 6.

STOP ALL SURGICAL DRESSINGS, READY SEW FOR REFUGEES

The first effect of the armistice on Red Cross work was shown in an order received by Santa Ana chapter today saying that surgical dressings work should be discontinued at once. The Red Cross is amply provided in warehouses in France with surgical dressings to meet every emergency.

Chapters are directed to prepare for heavy quotas of refugee garments. "One garment now will be of infinitely greater service in saving life than many garments will be in three or four months from now," says a bulletin. "The cessation of war will reveal a picture of misery such as the world has never seen before, especially in the many countries that cannot help themselves. The American people will expect the Red Cross to continue to act as their agent in repairing broken spirits and broken hearts."

BREAKS A COLD IN FEW HOURS—TRY IT!

First Dose of Pape's Cold Compound Relieves All Grippe Misery

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and it costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Adv.

TWO ORANGE COUNTY BOYS IN SIBERIA

Roscoe W. Knight, son of Mr. and Mrs. F. W. Knight of 519 Cypress, and Arthur Anderson of Garden Grove, are enjoying life in Siberia, according to a letter received today from Knight. The two men are members of the Ordnance Depot Company that sailed from San Francisco on September 2. Cards of their safe arrival arrived here five weeks ago.

Knight's letter to his parents state that the vessel they were on touched at two Japanese ports, and was in port when the big typhoon was on. While there is frost in the mornings, the days are mild, and Knight is delighted with the climate so far.

207 SHIPS USED BY SHIPPING BOARD NOW

WASHINGTON, Nov. 13.—Ship deliveries to the United States Shipping Board in the first week in November broke all records. Twenty ships, totalling 101,000 dead-weight tons, were placed in service. This sends the total number of completed ships under direction of the shipping board to 207, a total of 2,832,000 dead-weight tons. The Bethlehem plant at Alameda, Cal., delivered the 11,800-ton Independence during last week. This is the fifth vessel of that type delivered by the Bethlehem plant.

QUIZZ REPORTS MUST BE MADE SAYS TUBBS

All questionnaires in the hands of registrants or in the mails should be filled out and returned.

Regardless of press dispatches, the local board has no order by which questionnaires now out need not be filled out and returned.

Classification work, which is entirely office work, is to stop for men over 37 years of age, but it is to be carried to completion for men of 18.

The only orders received by the local board concerning the questionnaire situation is the transmission to it of the following from General Crowder:

"The secretary of war has today issued the following order to the provost marshal general: 'You will at once instruct state headquarters and local and district boards immediately to discontinue all work connected with the classification of men who on September 12, 1918, had attained their 37th birthday. You will further instruct said boards to continue to completion as expeditiously as possible the classification of all registrants who on September 12, 1918, had attained their 19th birthday and had not attained their 37th birthday. You will, finally, at the earliest appropriate moment direct all local and district boards to issue questionnaires to all registrants who on September 12, 1918, had attained their 18th birthday and had not attained their 19th birthday, and to proceed with and complete as early as possible the classification of such registrants.'

"Further orders will be sent later covering the matter of sending questionnaires to the classifying 18-year-old registrants."

—W. S. S.—

NONE WAS SENT OUT FULLERTON, NOV. 13.—

The local exemption board has sent no questionnaires to registrants of 18 years of age nor to those between the ages of 37 and 45, and will not send any to those registrants.

All calls for medical examinations by the local exemption board have been cancelled by order of Secretary Richard Melrose. There will be no more calls until further notice.

HE DIDN'T STEAL IT BUT HE TURNS OVER THE STOLEN ARTICLES

Frank Higashi, Jap, has gone the proverbial judge one better. That particular judge told a prisoner he was not guilty, but not to do it again. Yesterday Higashi was up for preliminary hearing on a charge of burglarizing the home of another Jap, N. Okabe. The case was dismissed, Higashi was "not guilty," but a few minutes later he went to his room and there turned over to the offended Japs all the articles that had been stolen.

Higashi has been in trouble several times, once over another Jap's wife and once for forgery. Four years ago he got eight years probation for forgery.

The preliminary yesterday produced evidence to show that some few stolen articles were found in the basement of the hotel where Higashi worked, but there was no evidence to show that Higashi had anything to do with the articles. Hence the dismissal by Justice Cox.

Four Japs slipped down the alley to Higashi's room, after he went home. They meant business. What argument they used with Higashi can only be imagined. Where the courts had failed, the Japs found a way. This morning Okabe reported that Higashi had given up the articles. The district attorney's office ordered Higashi brought in to answer for violation of his probation order.

TRUNKFUL OF 'EM BUT ONE'S GOOD FOR JAIL

William L. Chastian was too free with his words when Probation Officer Scott served a citation on him, and that is one reason why Chastian went to jail this morning for four days for contempt of court. Chastian was under orders to pay \$15 a month for the care of his children. He was \$42 behind in payments. When Judge West cited him to court, Scott served the papers. Scott reported that Chastian said: "I've got a whole trunkful of those papers, and they don't amount to anything. If the kids are hungry let them come to me and get the money."

Chastian got a four-day sentence.

SUPPOSE you had been in the trenches—can you imagine what it would mean to you to come out and run into a full-fledged good old American baseball game? WHY YOU SHOULD GIVE TWICE AS MUCH AS YOU EVER GAVE BEFORE

The need is for a sum 70 per cent greater than any gift ever asked for since the world began. The Government has fixed this sum at \$170,500,000.

By giving to these seven organizations all at once, the cost and effort of six additional campaigns is saved.

Unless Americans do give twice as much as ever before, our soldiers and sailors may not enjoy during 1919 their:

- | | |
|----------------------------|---|
| 3,600 Recreation Buildings | 2,500 Libraries supplying 5,000,000 books |
| 1,000 Miles of Movie Film | 85 Hostess Houses |
| 100 Leading Stage Stars | 15,000 Big-brother "Secretaries" |
| 2,000 Athletic Directors | Millions of dollars of home comforts |

When you give double, you make sure that every fighter has the cheer and comforts of these seven organizations every step of the way from home to the front and back again. You provide him with a church, a theatre, a cheerful home, a store, a school, a club and an athletic field—and a knowledge that the folks back home are with him, heart and soul!

You have loaned your money to supply their physical needs.

HELP THE Y.M.C.A. IS APPEAL OF DENTAL MAN IN SERVICE

Vern Smith Now With Dental
Co. at Camp Greenleaf,
Georgia

"I am over to the Y. M. C. A. now, and if it wasn't for these places the soldiers would die. They are fine. They have books, magazines, stationery, ink, pens, big stoves, movies and other entertainments, plenty of chairs, benches and a good bunch to run them. So you see they are the only stuff. They are responsible for many of the bright spots in a soldier's life. Do all you can for the Y. M. C. A. and tell everybody to do likewise."

This is an extract from a letter just received by Santa Fe Agent F. T. Smith from his son, Vern Smith, who is with Dental Company No. 1, Camp Greenleaf, Ft. Oglethorpe, Chickamauga Park, Georgia. Smith has been in the service about a month. He enlisted some months ago but was not called until last month.

He completed his course in dentistry last June and took up practice with

It Wards Off Croup

Never put a croupy child to bed without giving a dose of

FOLEY'S HONEY-TAR

Mothers know it stops croup because it cuts the thick choking mucus, clears the throat of phlegm, stops the hoarse metallic cough, eases difficult breathing, gives quiet sleep.

Mrs. T. Neureuer, Eau Claire, Wis., writes: "Foley's Honey and Tar completely cured my boy of a severe attack of croup."

Mrs. Chas. Reitz, Allen's Mills, Pa., writes: "I have used Foley's Honey and Tar for the past eleven years, and would not be without it. It has saved me many a doctor's bill for colds and croup."

Let your money talk to the boys—United War Work Campaign.

Dr. McCollum in Los Angeles. The extract is particularly appropriate at this time when the drive is in progress for United War Works Funds. It is only one of thousands of recommendations that come from boys in continents here and across the water. Writing under date of Sunday, Nov. 3, Smith says:

Camp Greenleaf, Ga., Nov. 3, 1918. About this time last Sunday you were writing me a letter I suppose. I received your most welcome letter yesterday and sure was glad to hear from you again. It sure makes a fellow feel good to hear from home. I also received the Register and believe me I was glad to get it. I read nearly every line in it.

The flu must be terrible out there and believe me you sure want to be careful. It turns into Septic Pneumonia and then you are a goner. There is no more flu here in this camp now. They raised the quarantine yesterday, so you see we are pretty safe. They sure take every precaution in keeping the boys healthy. We have throat and nose inspection every day, a sick call every morning, anti-septic cans to spit in and every other practical precaution.

They have a dispensary here and if any one feels sick or in need of any medicine he can go there and get it or have his temperature taken any time. Yes, we have been shot in the arm, and believe me it sure was terrible. Several of the boys got very sick for a few hours and I was one of them. It did not effect me until after I went to bed that night and then my temperature went up. I felt fine in the morning though except my arm was a little sore. Fifteen or twenty of the boys fainted on the parade field at retreat that evening and they called the Red Cross and carried them away.

I am glad to tell you, and I know you will also be glad to hear, that I have taken my examination for Commission and passed successfully. My papers have been sent to Washington and it will be a month before I receive it, because they have to go through military channels. I know now that I will be a First Lieut. soon. Many of the boys failed but I do not know of any from California that didn't get by.

They are sending the boys that have been here eight or nine weeks out pretty fast, some are going over sea and some to camp in the U. S. A. I don't know where they will send me, and as soon as I hear I will write or wire you.

This is a beautiful day. We got up at 5:30, answered roll call and several of us took a little walk through the woods for about four or five miles just as the sun was coming up. Gee, it was fine. The air was snappy and everything was great. We went to breakfast over at a little restaurant near camp and sure made the eggs, coffee and hot cakes look sick. A fellow has a good appetite down here.

Yesterday we had a foot ball game between the Greenleaf team and Camp Hancock and believe me we wiped them off the map. We had two bands and about ten thousand rooters, so you see we had a great game. You asked about dental work. I have not seen an instrument since I have been here and probably won't until I leave for some camp.

Dentists who are commissioned now must take military training, an officers course, and has to be a good soldier as well as a good dentist. It is one of the best things that ever happened to them. It seems like a rotten deal at first, but after they pound a little horse sense into you, and a few of the foolish civilian habits out, one begins to like it. That's the way with me I think. I like it alright now and while there are lots of hard spots in a soldier's life there are a few soft ones also. It's darn good training and won't do anybody any harm.

I asked for a pass today and if I get it I will go up Look-Out mountain and over to Missionary ridge. You know those two are historic places. It is hard to find a place around here without monuments and old cannons dedicated to the battles and heroes of the Civil war.

Chickamauga Park is right in the center of nearly all of the old battle fields. Chattanooga, Tenn., is only ten miles away from Camp. If you remember the old towns we passed through on our trip through the South a few years ago you can imagine what it looks like. I would rather remain in camp than spend my money to go over there as there isn't much to see.

Last night it was down to eight above and we were sleeping outside, too. I had five army blankets over me and about two feet of straw, and one under me with my overcoat over me, and I managed to keep fairly warm.

I took out a ten thousand dollar life insurance policy, also a Liberty Bond. Our company bought fifty thousand dollars worth of bonds.

PRO-PATRIA CLUB WILL BE FORMED

Organization of Latin-Americans, Especially to Bring Mex Elements Together

Steps are being taken by leading Mexican residents of Santa Ana, to organize a Pro-Patria club, in order to bring all the Mexican elements together and emphasize their loyalty to the United States, and to demonstrate in a very impressive manner their respect, sympathy and admiration for the American people, for the example they have set before the world of true Christian democracy and noble attitude toward the poor and oppressed across the waters.

The membership is not to be confined to Mexicans only. It is earnestly desired to have American members so that the two races may become

more closely affiliated and have a better understanding, confidence and friendliness.

The leaders in this movement are M. Martinez, A. Delgado, E. Lucero, S. Goñazalez and Jose Morales.

The influenza epidemic caused post-

ponement of the organization plans, but as soon as the situation has eased up sufficiently the organization of the club in Santa Ana will be made. At first the Mexicans will be brought together, and later as the club develops, it is hoped a large number of Amer-

cans also will become members.

Brer Rabbit Saves Thousands From Sugar Worries

THE man who could develop a real "substitute" for sugar would make a mint of money in a day. But it can't be done.

Many people call **Brer Rabbit** a "substitute" for sugar. It is not.

Brer Rabbit real New Orleans Molasses is practically sugar itself.

It is made from sugar cane—like sugar—and contains a large amount of real sugar.

Sugar only sweetens—it has no flavor. **Brer Rabbit** not only sweetens but flavors.

In all kinds of cooking and baking; for stewing prunes, dried apples, peaches and other dried fruits; for baking apples, follow the example of thousands of housewives and forget your sugar worries—use **Brer Rabbit** Molasses.

Brer Rabbit is absolutely pure and wholesome; rich and delicious;

health-giving and economical. And there is lots of it at all good grocers.

There Are Two Kinds of Brer Rabbit Molasses

Both are Absolutely Pure New Orleans Molasses

GOLD LABEL Brer Rabbit is mild in flavor, light in color, and is delicious for table use—as a spread for pancakes, waffles, biscuits, etc.

It is especially fine for cooking, baking and candy making.

GREEN LABEL Brer Rabbit Molasses is darker in color, slightly stronger in flavor, and is splendid for cooking, baking and candy making. It costs less than the **Gold Label**.

PERSONAL AND SOCIAL
NEWS NOTES FROM
ORANGE CITY

ORANGE, Nov. 13.—D. W. Lentz died at his home on South Center street at 2:30 o'clock yesterday afternoon. He had been an invalid for a number of years and during the past two weeks has been seriously ill.

Mr. Lentz moved to this vicinity from Texas. He was in the grocery business at El Modena for years, and when his health failed he moved to Orange.

He is survived by his wife, one daughter and two sons. The daughter, Mrs. Mathias, lives in Illinois, and expected to reach her father's bedside tomorrow. One son, Wilbur Lentz, is in China, with the Naval Reserve Corps. The other son, Fred Lentz, of Ventura, was called to Orange on account of his father's illness, but was taken seriously ill himself and had to return to his home at Ventura Sunday.

Funeral services will be in charge of C. S. Bundschuh of Huntington Beach. Mr. Bundschuh is a relative of the family. The time for the funeral has not been set.

Protection work along the Santa Ana river is rapidly nearing completion, not only on this side, but along the west bank.

On the west side the Anaheim-Garden Grove district has completed its levy above the Southern Pacific Tustin branch bridge and has finished a portion of its fencing. Property in that district was assessed \$3.00 an acre for the improvement.

Vinol is What You Need

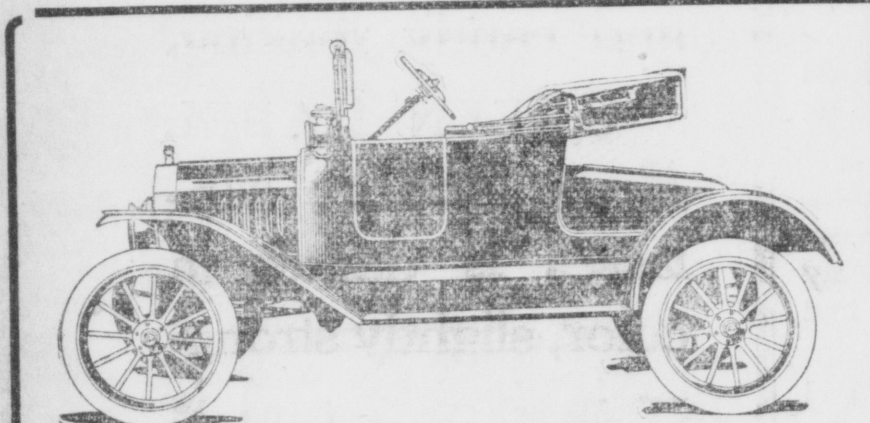

If all the tired, overworked, run-down women in this community could realize how our delicious Vinol, which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates supplies the vital elements necessary to enrich the blood and create working strength, we wouldn't be able to supply the demand.

Dukedom, Tenn.
"I live on a farm and keep house for six in my family. I got into a nervous, run-down condition so it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger in every way."—Mrs. H. H. Goodwin.

Burdett, N. Y.
"I keep house for my family of three, and raise chickens. I had a nervous breakdown, so I was unable to work. The doctor did not seem to help me, and a cousin asked me to try Vinol. It built me up—I now have a good appetite and am well and strong."—Mrs. Loyal Palmer.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

HUNTINGTON BEACH
**SEASIDERS JOIN IN
THE JUBILEE ON
PEACE DAY**

HUNTINGTON BEACH, Nov. 13.—All day Monday the thrill of joy and excitement seemed to permeate the very atmosphere about the city. Small groups were seen here and there asking the passer-by, "Did you hear the news?" The next one you would meet would be asking, "Are you going to Santa Ana to celebrate?" Many of the evening papers, while newsboys gathered together some old tin pails and large cans, hastily fastening them to their bicycles with a piece of old baling wire and joyously riding through the streets to the music of barking dogs and the shouts of other urchins along the way, while some took their fishing tackle and toyed with the finny tribe eagerly waiting in their joyous mood for that big one to get on. Finally the evening papers arrived and the Daily Register was delivered shortly after 6 p. m., and then about 6:45 pandemonium began by the discharge of guns and bombs, and anything that would make a noise mixed in with the boys' bicycle-tin can brigade—with horse fiddle and squeakers of every tone, barking dogs, whistles blowing and bells ringing kept the sweet music of peace ringing until 8:45 p. m., when the constant roar of the old Pacific drowned all other music, and the pean of peace had been wafted over the waters to all the foreign countries in the Orient. Peace, sweet peace, "Peace upon earth, peace to good will toward men," the chorus rang; joy to the world the Christ shall reign, while never more shall a man dream, to rule the world with might and main.

The crowd that gathered about the corner of Main and Walnut streets Monday evening formed in line with B. F. Molica as leader with his improvised drum and marched to the water end of the municipal pier singing songs appropriate for the occasion and returned to the place of beginning, where there had been a dummy kaiser provided. Some of the crowd started to hang the kaiser and many in attendance thought that treatment was too good for him, so they took the ceremonies in charge and burned him in effigy, amidst the constant roar of fireworks. Thus ended the peace celebration in Huntington Beach for 1918, but the 11th of November, 1919, may be celebrated to a greater extent in commemoration of this greatest of all peace terms that the world has ever known. Well might the psalmist say: "He maketh wars to cease unto the end of the earth. For, lo, the kings were assembled, they passed by together. They saw it, and so they marvelled; they were troubled and so hastened away. Let the sea roar, and the fullness thereof; the world and they that dwell therein. Let the floods clap their hands; let the hills be joyful together. For you shall go out with joy, and be led forth with peace; the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands."

FOR WOMEN"**

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for women's ailments I ever saw."—Mrs. SARA SHAW, R. Notes and Personals

H. A. Benning has been very low, having had a consultation of doctors last Sunday, but he is some better at this time.

Fred Day died last week and was buried Saturday at Tropic. Services were in charge of the Masons of this city.

H. Larter, who lives north of the city, had a quantity of corn stolen Saturday night.

R. E. Linden visited his daughter, Vivian, Sunday, at a Los Angeles hospital. She is one of the nurses there and has been very sick with the influenza.

C. E. Lavering and wife motored to Sierra Madre Saturday to see their son, Cecil, who has been spending a week or more there resting up from an attack of the influenza. They all returned home Tuesday.

The influenza is subsiding, there having been no new cases reported for nearly a week, and the health officer announces there may be church services held Sunday and schools may open Monday as usual. This is also good news, as many functions have been set aside for the time being, and they are now at liberty to resume all normal conditions.

One of the oldest buildings in Huntington Beach, and one that was moved here by Noah Carey in 1903, from Newport Beach, that has been on Third street back of the bank, was moved Tuesday by Judge Seely to a point on the same street near the blacksmith shop.

Mr. and Mrs. H. J. Day of Los Angeles was in the city Tuesday on business.

Mr. and Mrs. E. A. Darling of Santa Ana have moved into the cottage at 223 Sixth street. Mr. Darling formerly conducted the drug store now owned by R. L. Obarr, and are well known here. Their many friends gladly welcome them home again.

Miss Ada Bisbee, deaconess of Long Beach, has purchased a home on Seventeenth street and moved in.

Mr. and Mrs. C. E. Seely spent Sunday at Compton with his sister, Mrs. Flora Lossing.

Mr. and Mrs. C. W. Warner spent Sunday at Westminster with his son, Willis.

**BROTHERS COME OUT
OF BATTLE UNINJURED**

William Planchon and Elman Planchon, sons of Mr. and Mrs. D. B. Planchon of R. D. 6, came out of the first big offensive of the Americans without being hurt, according to a letter just received by Miss Planchon from William. Both are in the 364th infantry, which unit is a part of the 91st division which won such signal honors.

"We soldiers surely appreciate what the people at home are doing for us and especially the Red Cross and Y. M. C. A.," says the writer in speaking of the work of representatives of these organizations. "They will go miles out of their way to bring us chocolate, tobacco, etc."

Opening his letter he says: "This finds me well after our big battle when our division distinguished itself with all the honors of victorious troops. We went over the top early one morning and the battle was on. The boches ran like scared jackrabbits when they saw lines of khaki-clad soldiers coming their way. Those dutchmen sure had an idea that they were going to live there forever, the way they had trenches fixed. The trenches were all fixed up for beer parties when we went over them, and all the towns we captured had all the streets named in German, just like Germany itself.

We captured hundreds of prisoners. They sure were a hard looking lot. Some were old men with beards. Others were young boys. It is quite a sensation to go through a big battle, where all the devices of warfare are used. The bark of the big guns, exploding shrapnel and whizz of machine gun bullets are probably the most interesting parts of the battle front.

I saw several of the boys from home. Most of them came out all right. Elman pulled through with flying colors. They tell me he is the best bugler in the division and one of the best in France, which is quite an honor. You asked me in one of your letters how sporty they dressed in France. Well, in the farming communities they do not put on much style, but in the large cities they are about the same as in the U. S. A.

I am sending a Christmas package coupon. If you want to send a little Christmas present, paste the coupon on the package. Each soldier is allowed just one Christmas package this year. Mother said she was going to knit me a hood. Tell her not to. We have all sorts of these things here furnished by the Red Cross, and it would be money and time lost. Tobacco is the cry over here."

**IN CAPTURED TOWNS
FINDS INHABITANTS'
CONDITION PITIABLE**

Another interesting letter has arrived from Corporal Horace Munger, who has been with the 117th Engineers in France for over a year. He was with troops that drove the Huns out of occupied towns. He says that the condition of the people of those towns was pitiable. Among his souvenirs taken from German prisoners is a saw-toothed bayonet. His letter, written Sept. 16, says:

We hit the Boche line on the — and went through it just like it was made of paper. I was right at the front line and had a chance to see it. We worked on the roads close to No Man's Land half the night filling in trenches and keeping them in repair so the artillery could advance. At midnight we went to a dugout while the bombardment was going on. Then early in the morning after the infantry had advanced we started our road through No Man's Land.

No Man's Land was a small ridge. I went up there early that morning and saw a wonderful sight. In the distance I could see the Germans retreating and our infantry advancing close on their heels. On the side of the ridge were cannons, ammunition trains and soldiers coming forward as fast as they could.

We sure got a bunch of prisoners. The road was on was lined with prisoners all day.

I have a couple of good souvenirs to send home as soon as I get to a place where I can mail them. One is a German revolver with the belt and bayonet, the other a belt with a saw tooth bayonet.

It was a pitiful sight to see the poor refugees left in the town we captured. They started moving to the rear as soon as the Americans drove the boche out of the towns. Most of them were old people. They would go trailing down the road with a little wagon which had all of their belongings on it. I don't see how they lived as none of the land is farmed as far as we've been. Some of them told the boys that the Red Cross had been feeding them.

It has been raining here most every day. The other night when the drive started we worked in the rain until 12 o'clock. We were all wet when we went to a culvert under the railroad track where we remained while the bombardment was going on. The wind howled through the culvert and we almost froze to death. When we went out in the morning we were awful stiff and several miles from our kitchen, so we ate a bit of corn meal and a box of hard tack for breakfast. Then we went up and went to work on our road. In two hours we were dry and were the happiest soldiers in France.

It sure makes a fellow feel good to walk over land that the Huns have held for four years.

**GIRLS! HAVE WAVY,
THICK, GLOSSY HAIR
FREE FROM DANDRUFF**

Save Your Hair! Double Its Beauty In a Few Moments—Try This!

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter, for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?—Adv.

Is What You Need—Don't Cry!**

If you, mother, had to swallow the awful dose—Think back to your childhood days—Ugh! Give your children Cascarets instead. Cascarets taste like candy. Every child loves to take a Cascaret. Besides Cascarets act better on the little liver and bowels when the child is bilious, constipated, feverish and sick. Cascarets are delightful—harmless—cheap!

Each 10 cent box of Cascarets, the pleasant candy cathartic, contains directions and dosage for children aged one year old and upwards. When the little one's tongue turns white, breath feverish, stomach sour, there is nothing better to "work" the nasty bile, souring food and constipation poison from the child's system. Give Cascarets, then never worry.

LIEUT. SLATER OF ORANGE WILL RETURN HOME A CRIPPLE

Wounded In Aerial Battle, Will Wear An Artificial Foot

ORANGE, Nov. 13.—The joy of peace was tempered with regret for many Orange people with the receipt of word that Lieut. Clyde Slater of this city, an American aviator, on the west front, will come home from the war a cripple, wearing an artificial foot.

His parents, Mr. and Mrs. H. B. Slater, who are now residing at Banning, have just been informed of his misfortune, which he kept from them until he was well on the way to recovery. His leg was healing after the amputation, he said, and he was shortly to have an artificial foot. He expects to be sent home in two or three months.

His letter, which was written October 26th, gave no details except that he would be able to wear the artificial foot in about three weeks. From a previous letter, however, it is understood that his foot was shot off in an aerial battle, as he spoke of "an exciting experience," but said that he had "come out on top." It was known that he had been flying an observation plane over the German lines for some time. He has been in France since mid-summer.

A letter from Charles Leimer, another Orange boy on the west front, stated that he had met Slater and that the latter was suffering from an accident to his foot.

Lieutenant Slater is the first casualty of that type from this community. He is the first from here to be permanently crippled. To his many friends it seems more than an ordinary misfortune because of the fact

ROCKEFELLER TO GIVE MEDAL FOR GOLF PLAY ON LOCAL LINKS

Eighteen Hole Medal Contest at Country Club on Saturday Next

Golf players in the Orange County Country Club will have the honor of competing next Saturday in an 18 hole medal contest, the purpose of which is to assist in raising funds for war works, with the medal the offering of John D. Rockefeller. Rockefeller has offered a medal for all clubs who conduct a contest next Saturday for the benefit of the United War Work Funds. The medal is distinguished for its beauty and the cause adds to its value. Those who participate will contribute what they want to as an entrance fee, with the minimum amount being placed at \$1. The entrance fees will go to the big fund for the big work being done over there by the various organizations represented in the drive.

It is expected that the Country Club membership will turn out in force and that those who have only an inkling into the game will enter because of the fact that their money will help to swell the fund being raised throughout the nation. The Country Club now has a membership of about 250 and is arranging to clean up its indebtedness. Thirty of its members have gone to war, and the dues of these have been suspended, leaving about 220 members paying dues.

The grounds are in splendid condition and despite the fact that the war has claimed the attention of everyone throughout the year and several months the United States has been in the big fight, the grounds have been kept up and interest of local men has continued. The directors are now building for the future—the time when the war is over for sure and conditions resume their normal state.

As a step preliminary to this they have made an assessment of \$20 per member to wipe out the indebtedness hanging over the club. With this out of the way and money that has been going to interest devoted to further beautifying and improving the grounds, the club will become a greater social factor and a greater joy to those who now find pleasure in repairing to the golf links to spend a few hours in healthful recreation. Operation costs have been cut to the lowest possible consistent with proper upkeep of the grounds.

When the "boys" come home from over there, they will want to be in the open air more than ever. They will want to continue that exercise that has become a daily part of their lives, and which has been effective in making strong, robust men of life and have relaxed from the exercise so necessary to good health. Those boys—lots of them—will become identified with the organization for the pleasure that the golf links and the club house will afford them.

It is understood that some of the members have withdrawn because of the assessment being levied. The number has been few, for the most of the membership realizes the benefit of the organization to the community and the individual member who has understood that the number who have resigned is only six, tendering their resignations after paying their assessment.

The spirit as breathed in a letter to the board of directors by D. Eymann Huff is duplicated by the majority of the membership, who are meeting their assessment and continuing their membership in the broad light that they and the community are being benefited by the maintenance of a good, active organization such as the Country Club.

The Proper Spirit

Huff's letter follows: I have your circular referring to the general financial condition of the club and note that the directors have levied an assessment of \$20 on each member to be set aside in a special fund to care for obligations to banks.

It is unfortunate that so many members have resigned in addition to those members who have gone to defend their country, the cause I do not know. I can appreciate, it leaves the club in a straightened circumstance, and under the stress of war conditions those members who have resigned ought to at least meet this assessment of \$20 because the obligation was incurred during their membership and for their benefit, and I trust an appeal has also been made of them as well as to the present members. Otherwise those who do stand by the club will no doubt be obliged to meet further assessments.

While I have gained but little direct good from being a member of the club, it is no fault of those who have taken advantage of their membership or have been so situated that they enjoyed the privileges and benefits. While it has come to my knowledge that members have been resigning, and many I think have resigned who have had many more privileges of the club than I, I could not feel that it was just, under the war conditions, particularly during the past year and a half, that we should sever our membership. While I have been on the club grounds but twice within a year and a half, the circumstances were such that those two visits were worth the price of the membership, and I trust that the board will counsel with those who may desire to resign

Buy a New Corset When You Must

—and not until then

We have advised you many times to buy corsets—and now we urge you not to buy unless you positively need them.

The Government needs them more than you do—not actually the corsets—but the steel, cotton, and rubber that go into the making of corsets.

Do not buy another corset, if you can help it, so long as the war lasts. But if you must have a new one, then let it be an

'JUST' TERMS LIKED BY GERMANY IN 1871

(From Count Von Moltke's "History of the Franco-German War.")

The negotiations (between the commander of the French armies and General Von Moltke) were held at Donchery during the night between September 1st and 2nd. The Germans were forced to consider that they must not forego the advantage gained over so powerful an enemy as France.

When it was remembered that the French had regarded the victory of German arms over other nationalities in the light of an insult, any acts of untimely generosity might lead them to forget their own defeat. The only course to pursue was to insist upon the disarmament and detention of the entire army, but officers were to be free on parole.

General Von Wimpffen declared it impossible to accept such hard conditions.

tions. The negotiations were broken off and the French officers returned to Sedan at 1 o'clock. Before their departure they were given to understand that unless the terms were agreed to by nine o'clock the next morning the bombardment would be renewed. The capitulation was signed by General Von Wimpffen on the morning of the second, further resistance being obviously impossible.

UNCLE SAM FILMING MOVIES FOR FARMERS

WASHINGTON, Nov. 12.—The movies have been called upon. This time they are to be used to stimulate food production. The department of agriculture has announced that 1000 feet of film a week, designed to in-

crease the size of crops, will be ground out at the big motion-picture laboratory connected with the department. There is to be a wide latitude in the subjects chosen, some of which should be of interest to farmers in every section of the country.

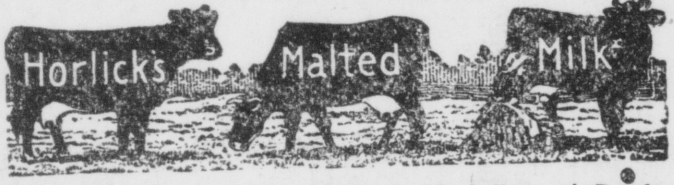

Farmers will be shown how to fight forest fires, how to control hog cholera, the best way to exterminate the prairie dog, how to make cottage cheese, approved methods of fumigating California fruit, up-to-date methods of drying vegetables at home and a score of other things of interest to the agriculturist.

There will be released also pictures of the Red Cross pig club; the great wheat fields of the northwest and the big ship-building plants that have sprung up over the country.
